

Bowie Green Citizen Award

The Bowie Green Citizen Award recognizes individuals, schools, or groups that contribute to making Bowie a greener and more sustainable community through innovative practices, educational programs, and community leadership. This award was established to reward members of the community who have actively promoted green living practices in the city and encouraged others to do likewise. Achievements may be focused on green practices in the home, educational activities in the community, and/or actions to promote green policies and practices by community and municipal organizations. Potential actions may involve caring for our natural resource base (air, water, and mineral), protecting habitat diversity, promoting sustainable energy and economic activity, and building thriving neighborhoods in the process.

The award ceremony will be held at the annual Bowie Green Expo in April.
