The Maryland Energy Administration (MEA) works to promote affordable, reliable, clean energy. As part of this mission, MEA administers programs that are geared towards making Maryland homes and businesses more comfortable, efficient, and affordable through energy savings measures.

WHY WE NEED A RELEASE – For our clean energy programs to be successful, MEA needs to compare energy use before and after energy upgrades. To understand how effective these measures are in reducing your energy bills, we need access to your home's/building's actual energy data for up to three years after the planned energy upgrade of your home/building. This data will allow us to evaluate measure and verify the effectiveness of our programs in order to provide Maryland with the best energy programs possible. We take the security and privacy of your information very seriously. To the fullest extent permissible under the Maryland Public Information Act, §10-611 et seq. of the State Government Article, MEA will not divulge any of your confidential information outside of the agency or use it for any other purpose. **This is a voluntary form.**
