1. Prince George's County Public Schools (PGCPS) Comprehensive School Boundary Initiative Report

PGCPS recently released a Comprehensive School Boundary Initiative Report. The Report provides an analysis of current school boundaries, feeder patterns and program locations. It proposes scenarios for adjustments which will reflect new and expanded school facilities and balance facility utilization in the county. Included in this report are boundary changes for several Bowie schools. The report includes three draft scenarios which require boundary changes based on several factors, including capacity and utilization. Four Bowie elementary schools and both middle schools will be impacted if the report is accepted – Pointer Ridge, Rockledge, Tulip Grove and Whitehall Elementary Schools as well as Benjamin Tasker and Samuel Ogle Middle Schools. Bowie High School was not impacted.

PGCPS has launched a community engagement opportunity related to this initiative where residents can complete an on-line survey to provide input. The Boundary Initiative process commenced in the fall of 2020 and will conclude by December 2021. Potential boundary changes will be phased in beginning School Year 2022-23. The Comprehensive School Boundary Initiative Report and access to the community input survey may be accessed at [www.pgcps.org/boundary](http://www.pgcps.org/boundary).
