The bids listed above were based on estimated quantities of work listed in the City's bid document for purpose of bid evaluation only. The street repair contract is a unit price contract that includes various repairs such as curb, gutter, sidewalk and driveway aprons. Unit prices are established in the contract, and the quantity of work is directed by the Public Works Department to maximize work completed within the available budget. Based on the City's FY21 budget and unit prices bid for this work, the Public Works Department recommends awarding this bid to Stanley Concrete, LLC in the amount of \$875,000.

I concur with the above recommendation and request your approval of R-72-20.
