BOWIE, MD - To celebrate Earth Day, Bowie's Green Team is hosting a free, family-friendly, concert featuring four musical groups performing nature related music and a local student art exhibit that focuses on the theme "Energy". A silent film on nature and the environment by local award winning filmmaker, Ms. Kali Belden will be displayed as a backdrop during the musical performances.

Musical groups scheduled to perform are Category 5 Flute Quartet lead by Caitlyn Callahan, The Choraleers lead by Craig Sparks, Suzuki Cello Studio lead by Irma Cripe, and the SGI Japanese Taiko Drummers lead by Amanda Gardner.

Local students participating in the art display will be from Bowie High School, Oxon Hill Middle School, and Rockledge Elementary. The Art Exhibit has been organized by Cecilia Hazelton of Abrakadoodle and Bowie Green Team Volunteer, Nathaniel Scott.

Overseeing the event coordination is Michelle Balfe, a Bowie Green Team volunteer, who says "this event will be a very unique way to celebrate Earth Day." Overseeing the music groups will be Craig Sparks from the Choraleers, who expressed that, "It is wonderful to see many of the diverse talents of Bowie coming together for such a good cause."

This event is open to the public. No tickets are required. For more information about the event, please contact the City's Sustainability Planner, Kristin Larson, at 301-809-3044 or klarson@cityofbowie.org.
