Residential Safety and You!

- Always lock doors and windows both at night and during daytime hours. Consider installing guards on windows. This prevents them from being raised more than a few inches.
- Leave a light or TV on if you go away, even in the evening.
- Install motion sensor lights and/or a smart home security system with video surveillance.
- Be vigilant and call 911 if you think you are witnessing a crime. If you see something, say something.

Want to report suspicious activity? Contact our Non Emergency Call Center at **240-544-5700**, which operates 24/7!

SAFETY TIPS
