Status Report

1. Hall Road Sidewalk Construction

This week, contractors working for the Maryland State Highway Administration (SHA) began work on the new sidewalk on Hall Road (MD 978), between the CSX railroad tracks and the Hall Station development. Per City Council's direction, the City is funding 25% of the total project cost. SHA continues to pursue funding for another project to extend this sidewalk to Pointer Ridge Drive. Completion of the segment now under construction (estimated to be finished by the end of December) will increase the odds of obtaining funding for the remaining portion.
