Status Report

1. City Recertified as Sustainable Maryland Certified Community

The City was recertified by Sustainable Maryland Certified (SMC) a certification program for Maryland communities to go green, save money, and sustain the quality of life for residents. The City was first certified in 2013, a process which encompassed the creation of the Green Team and set the City with certain goals and activities to work towards. We have been working towards recertification every 3 years (2016 and 2019) and are happy to again have met the qualifications. The City Assistant Manager accepted this year's award at the Fall MML Conference this week.
