Data Trends

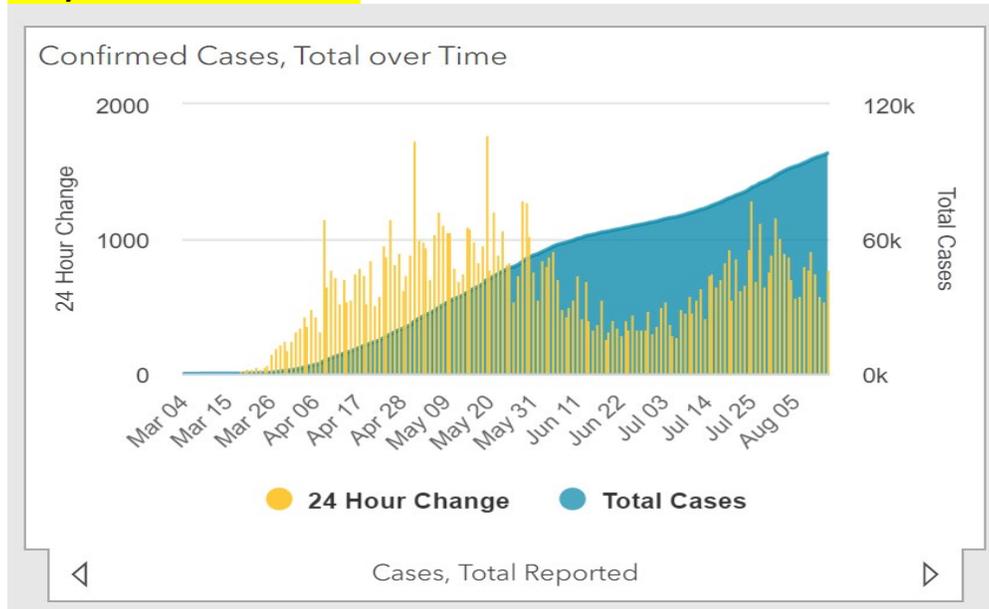

The US positivity rate is 9%. The number of new cases across the US has declined since its highpoint in mid-July. The Maryland positivity rate and the number of those hospitalized with COVID continue to trend downward. Cases among those under 35 have also declined for the last 3 weeks. Bowie cases are back in the single digits today.

Travel Advisory Reminder

Marylanders are reminded to postpone or cancel travel to states with positivity rates of 10% or higher. Anyone traveling from these states should immediately get tested when they return to Maryland **and** should self-quarantine while awaiting results.

This public health advisory took effect on July 29 and applies to personal, family, or business travel of any kind. The District of Columbia and the Commonwealth of Virginia are exempt from this recommendation.

States currently with positivity rates above 10% and subject to the travel quarantine include: Alabama, Arizona, Florida, Georgia, Idaho, Louisiana, Nebraska, South Carolina, and Texas.
