Statement Regarding City Council Meeting Broadcast on September 8, 2020

The City of Bowie regrets that technical difficulties prevented some Bowie residents from hearing parts of the discussion at the September 8 City Council meeting. City staff will be working with broadcast and audio visual experts to resolve the problems and make sure that they do not reoccur.

The recording of the meeting has been adjusted to improve audio quality somewhat, however some presentations are still difficult to understand, and it does not meet our normal broadcast standards. The video can be viewed in its entirety on the city website at www.cityofbowie.org/viewmeetings or on the City's Youtube channel (@CityofBowie,MD). The meeting will also be rebroadcast Saturday, September 12, at 7 p.m. on the Bowie Government channel (FIOS 10/Comcast 71 & 996).

We apologize for the problems that occurred on Tuesday night and will redouble our efforts to make sure that Bowie City Council meetings can be easily and completely viewed by all residents, even during this pandemic.
