County Executive Imposes New Restrictions Effective December 16

At a press conference this morning, County Executive Alsobrooks announced further measures to limit the spread of the coronavirus, after reporting that new COVID cases and hospitalizations are continuing to surge in Prince George's County.

On December 16, 2020 the following changes will go into effect:

- Indoor dining will not be permitted at restaurants. Carryout and delivery service can continue.
- Outdoor dining can continue with capacity reduced to 50%.
- Casinos must reduce their capacity to 25%.
- Retail establishments must limit numbers to 25% of capacity.
- County compliance efforts will increase to ensure that the new restrictions are followed.
- The changes will remain in effect until January 16, 2021.

Health Officer Carter provided an update on the spread of the virus in the County.

- Last week, there were 2,900 new COVID cases in the County, which is a record.
- The average number of new daily cases now exceeds 400.
- Hospitalizations have more than doubled in the last 30 days.
- One out of every ten COVID tests are positive (positive rate is >10%).
- 50% of the County ICU beds are being occupied by patients with COVID-19.
- New cases are trending younger. Because these individuals tend to have less health conditions than those who are older, their cases have not been as serious and they have required hospitalization less often, which has kept the hospitalizations from being higher.

Dr. Carter also reiterated preventive measures for all residents to continue until everyone is vaccinated.

These include wearing a mask, staying at least six feet away from others, avoiding gatherings outside your

household, staying at home as much as possible, and shopping online.

County Emergency Manager Ronald Gill shared plans for distribution of vaccines just as soon as they are delivered.

- The first groups to be vaccinated will be hospital healthcare workers and nursing homes. Pharmacies, such as CVS and Walgreens will be working with the health department here and around the country to eventually administer vaccines.
- After these critical groups are vaccinated, the next groups to be eligible for vaccination will be first responders, other healthcare workers, and other high-risk groups. It is likely to be at least a few months before the general population will be eligible to receive vaccinations.

Governor Hogan's Latest COVID Announcements

Governor Hogan also held a press conference this afternoon to provide an update on COVID.

Current COVID conditions in Maryland:

- The post-Thanksgiving surge is upon us.
- All 24 Maryland jurisdictions are now in the "red zone" in terms of the COVID case rate.
- 1,720 patients are currently hospitalized in Maryland with COVID or COVID-related complications, which is the highest number since the pandemic began.
- The virus has now taken the lives of 4,850 Marylanders.
- 88% of staffed acute beds are occupied; 87% of ICU beds are occupied. 143 surge beds are currently in use.
- Officials are monitoring 183 outbreaks at nursing homes, 137 at assisted living facilities, and 359 at schools and at other congregate living facilities in the state. (More than half of the outbreaks involve less than four cases.)
- For more than 20 days, the daily case rate has exceeded 2,000.
- State officials are continuing to monitor all data metrics to determine what additional statewide mitigation actions may be required.

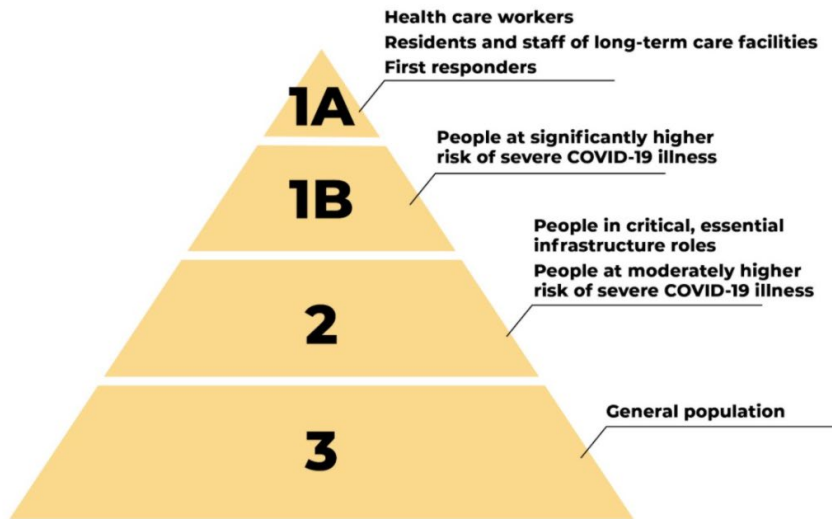

The Governor also announced a series of new or expanded assistance programs, including:

- Emergency Unemployment tax relief to protect businesses from sudden or substantial increases in their unemployment taxes.
- Loan forgiveness for \$75 million in emergency loans awarded to Maryland businesses early in the pandemic. These loans will be converted to grants, which will not need to be repaid.
- \$25 million in low-income housing tax credit projects, which will allow and promote the construction of 2,000 units of high-quality affordable housing.
- \$12 million through the Rental Housing Works Program
- \$94 million in the new grants and investments to help treat those with diabetes, which is the number one comorbidity for serious illness from COVID-19.
- \$10 million in funding for PPE and protective barriers for district courts, testing equipment for Maryland State Police, and additional resources to increase internet access for Baltimore City youth.

Priority Groups for Vaccine Distribution in Maryland

Based on the Maryland Vaccination Plan, vaccines will be distributed in the state according to the following pyramid graphic.

A Look at Nationwide Metrics

The graphic below provides a nationwide look at four key metrics - new tests, new confirmed cases, hospitalizations, and new deaths.

Quarantine Guidance from the CDC

In a statement issued December 2, the CDC said local public health authorities determine and establish the quarantine options for their jurisdictions. The CDC still recommends a quarantine period of 14 days. However, CDC guidance now provides two additional options that local jurisdictions can use to decide how long quarantine should last.

These options for shortened quarantine are for people without symptoms:

- On day 10 without testing
- On day 7 after receiving a negative test result (test must occur on day 5 or later)

After stopping quarantine, you should

- Watch for symptoms until 14 days after exposure.
- If you have symptoms, immediately self-isolate and contact your local public health authority or healthcare provider.
- Wear a mask, stay at least 6 feet from others, wash hands, avoid crowds, and take other steps to [prevent the spread of COVID-19](#).

Read the updated [When to Quarantine](#) guidance.

Vaccine Update

Once a COVID-19 vaccine is authorized and available, federal and state governments will be working with CVS Health to provide on-site vaccination clinic services to long-term care facilities. Rite Aid and Walgreens will also be working with the CDC on vaccine distribution to high priority groups.

Vaccine Manufacturer	Status	Details
Pfizer-BioNTech	Emergency Use Authorization submitted. To be reviewed by FDA at meeting on 12/10. On 12/8 the FDA confirmed the results of the Phase 3 testing.	Ages 16+, patients need 2 doses, 21 days apart
Moderna	Emergency Use Authorization submitted. To be reviewed by FDA at meeting on 12/17.	Ages 18+, patients need 2 doses, 28 days apart
Johnson & Johnson	A second phase 3 trial is underway.	
Astra Zeneca/Oxford	Phase 3 trials underway.	
Novavax	Phase 3 trials beginning soon.	

Forecasts about New Cases and Hospitalizations

The CDC recently received forecasts of new cases from 30 different modeling groups. The consensus of the models is that between 1 million and 2.3 million new cases will likely be reported during the week ending January 2, 2021.

The Benefits of Getting a COVID-19 Vaccine

COVID-19 vaccines are in the final stages of approval for distribution to the public. The CDC has published information about the many benefits of getting a COVID-19 vaccine once they become available.

Vaccines help the body develop natural protection against the virus by triggering an antibody response to the virus. The various vaccine candidates awaiting approval are not live vaccines, which means they will

not cause recipients to become infected with the virus. Vaccinations protect the recipient and will help to prevent the spread of the disease.

COVID Testing

Tests are no longer provided at the Cheverly Health Center. The site's testing operations will transition to the County Health Department Headquarters' rear parking lot at 1701 McCormick Drive, in Largo, on December 14.

Please visit the Prince George's County [COVID-19 testing webpage](#) for site locations and testing schedules. You'll also find links there to information about [State of Maryland testing locations](#). If you have additional questions about the County's testing program, call the coronavirus hotline at 301-883-6627 between the hours of 8 a.m. and 8 p.m., Monday through Friday.

Food Programs

There are a variety of programs underway in Bowie and in the surrounding community to help make sure that no one goes hungry during these uncertain times. We have gathered the information together on a new page on our website so that it is easy to find and easy to navigate. If you are in need of food or know someone who is experiencing food insecurity, we encourage you to visit www.cityofbowie.org/food.

Holiday Meals for Seniors

County Council Chair Todd Turner and the Prince George's County Department of Family Services will host a drive up "Senior Grab & Go" holiday meal giveaway for his constituents in the parking lot of the Bowie Senior Center on December 18, from 10 to 11 a.m.

To be eligible for the giveaway, you must register for the event. **The registration deadline is December 11.** You can find a link to the registration form at www.cityofbowie.org/food. Registration can also be taken over the telephone by calling Evelyn Archie in the Chair Turner's Office at 240-619-9775 or email ejarchie@co.pg.md.us.

COVID-19 Rental Assistance Program May Be Able to Help Pay Your Rent for up to Three Months

Are you having trouble meeting your monthly rent? The City of Bowie has a COVID-19 Rental Assistance Program for tenants who have suffered a loss of income due to the pandemic. The Rental Assistance Program will provide short term assistance to low- and moderate-income families who meet the U.S. Department of Housing and Urban Development (HUD) income limit guidelines.

The program is now expanded to **pay up to three months past-due rent**. Delinquent rent payments will be paid directly to the landlords for eligible and qualified applicants. **If you think you might be eligible, don't delay. You must apply before December 16, 2020.** Visit www.cityofbowie.org/cobcares for all the details and an application. Paper copies of the application can be picked up at the front desk at Bowie City Hall. For questions or additional information, contact Emergency Rent Assistance Specialist Paola Villatoro, at era@hiphomes.org or go to www.hiphomes.org/bowieERA.

Leaf Collection

The City of Bowie Curbside Vacuum Leaf Collection Program runs through mid-December. Every single-family neighborhood will have two collections during that time. The schedule is posted by week this year, rather than by specific date. You can view the 2020 schedule at www.cityofbowie.org/leaves to see which two weeks your neighborhood will have leaf collection. Leaves should be raked to the curb (but not in the street), by 7 a.m. on Monday of your scheduled week.

Please call the Public Works Department at 301-809-2344 if you have questions about the Curbside Leaf Collection Program. If you prefer to bag your leaves, they will be picked up on Wednesdays with yard waste. Use paper yard waste bags (no plastic bags).
