**COVID Scam Warning**

The World Health Organization (WHO) is [warning the public of fraudulent correspondence](#) aimed at notifying recipients of being selected as a beneficiary/winner of a US \$1 million lottery compensation prize payment for losses and damages suffered as a result of the COVID-19 pandemic.

**Updated CDC Guidance**

The CDC has updated its webpage on Understanding Variants - [Understanding Variants | CDC](#)

**Prince George's County Indoor Mask Requirement**

Positive cases in the county have increased 700% since the last week in June. As a result of this sharp increase, there is a new mask mandate in Prince George's County. As of Sunday, 8/8 at 5 p.m., masks are now required to be worn in indoor public settings by anyone ages five and up. (Every effort should be made to have children between the ages of two and four wear masks as well.)

The following are the only exceptions to the mask requirement:

- If due to a bona fide disability or medical condition, it would be unsafe for the person to wear a face covering;

- If wearing a face covering would impede communication by or with persons who have a hearing impairment or other disability, where the ability to see the mouth is essential for communication;
- If wearing a face covering would subject the person to an unsafe working condition, as determined by federal, state, or local occupational safety regulators or workplace safety guidelines;
- If wearing a face covering would make it impossible to receive medical or personal services requiring access to the face, mouth, or head, including without limitation, dental or medical care;
- While seated at a table at an establishment and consuming food or beverages; and/or
- While in the water at a swimming pool.

Unvaccinated individuals continue to be STRONGLY encouraged to get vaccinated and continue wearing their masks outdoors until they are fully vaccinated. "Fully vaccinated" means the individual has received all required dosages as applicable to the vaccine received, including two weeks post the date of the last dose.

### **Free Summer Vaccination Clinics**

Students ages 12 and over may receive a free COVID-19 vaccine at mobile clinics run by the Prince George's County Health Department.

Parental consent is required for vaccination. Parents and guardians are welcome to accompany their child to the clinic but are not required to do so. Students must bring completed consent forms to be vaccinated. [Form 1](#) & [Form 2](#)

Vaccines will be administered in their mobile unit at the school sites below. PGCPS staff are also eligible to receive the vaccine at summer clinics.
