Older children will love playing this in the dark.
Choose a player to act as a ghost and hide.
Have the other players remain together at the base, a well-lit area, such as a porch or deck.
Have the searchers count to 100 and then search for the hiding ghost.
When someone spots the ghost, they yell, “Ghost in the graveyard!” and run back to the base.
The Ghost chases the seekers, tagging as many as possible before getting back to the base.
The first person tagged becomes the new ghost.
