Worm Pie

Materials Needed:
- Pie Tin/Bowl
- Gummy Worms
- Whip Cream
- Paper Towels

Older children will love this messy and fun game. If you are playing this game inside, put plastic under your pies or move outside for this game. Provide wet towels for cleanup. Place gummy worms in the bottom of pie tins or shallow bowls. Use as many worms and plates as necessary for your group of kids, one worm pie for each kid. Cover the worms with whipped cream. Each player puts their hands behind their back and goes after the worms with their face. The first player to eat all their worms wins.
