# Historical Facts of the Gymnasium

The City of Bowie Gymnasium was constructed in February of 2001. It was designed primarily for basketball and volleyball play for the residents of Bowie. The design of the gymnasium allows for either three basketball courts or four volleyball courts to be in use simultaneously. In 2014, seven pickle ball courts were added for weekly recreational play.

The gymnasium also has two meeting rooms that are available for meetings and party rentals. In addition, a concession area and sitting area are available for patron’s use.
